

Every once in a while,

I say hi

*I go try chyke you*

*like say I don high.*

Every once in a while

I say die

*But the next day*

*I dey claim say na you be my life.*

Every once in a while,

You see me.

*But I dey claim say*

*You dey on my mind steady.*

Every once in a while

I say I love you

*But I nor dey stress am,*

*'Cos I know say you nor dey feel am too.*
